

Double Round Bale Fork | Skid Steer

Simple construction. Reliable engineering. The Sturgeon Skid Steer Double Round Bale Fork is fabricated using thick gauge steel tube and plate. With heavy profile-cut skid steer pickups and German-made SHW Conus 2 Tines, you will experience reliability and peace of mind. If moving large numbers of round bales every day is your thing, this is the attachment for your operation.

SBFDR-4USS	UNIVERSAL SKID STEER	4	185Kg	2300 X 1300 X 800	2000Kg

Product Feature

Heavy Tube Frame Construction

Fabricated from 6mm thick tube framework, you have got a framework that you can rely on. Every living moment.

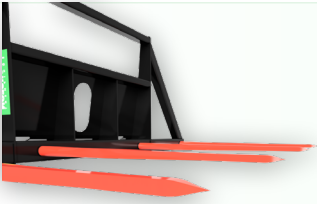

01

Talk to Us 03 5519 9732

28-30 Peck Street, Hamilton VIC 3300

02

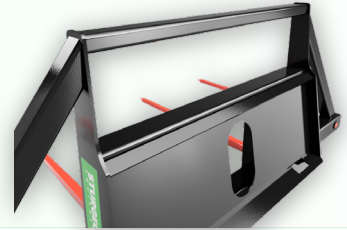

German Made SHW 1250mm Conus 2 Tines

The tines take it all. So, we only use the highest quality, SHW forged spring steel tines. Made in Germany.

Open Centre Support Frame

No point having a bale fork that is mostly obstructed by framework and plates. We designed it so you can actually see what you are doing. Makes sense, right?

03

04

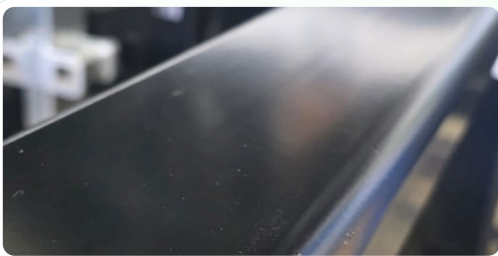

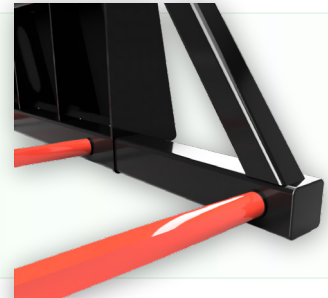

Optimised Tine Spacing For Loading Round Bales

We spoke to operators and came up with the correct spacing to suit picking up round bales.

Strengthened And Gusted Base Tube

Wrapped hay bales are heavy. So we engineered our framework to be able to take it. And more.

05

06

Polyurethane Marine Grade Paint Finish

Not your average paint. We believe in quality finishes, and polyurethane paint is definitely one of them. Look the goods every single day.

Fully Integrated Pickup Hitch

We won't settle for what everybody else does. We make our pickup lugs from thick, high-grade plate that will last the distance. So you don't have to.

07

100% Australian Made and Fabricated

100% Manufactured by Sturgeon Equipment in our Hamilton Facility to the highest quality standards. Only Aussie Made!
