

MULTIGRAB LT ULTIMATE |

Skid Steer | 75-140 HP

The MULTIGRAB LT Ultimate combines the performance of a bucket and grab in a single tool. Perfect for raking up large limbs and trees, removing stumps and shrubs, sieving rocks and debris, and much more. Featuring high grade steel plate and ladder frame construction, the design is engineered to handle every load on your property. With the option of either ECO350 High Tensile Teeth or XD450 Abrasion Resistant teeth — there is the MULTIGRAB available to suit your exact requirements. As always, 100% Australian Made and covered with a 4-Year Structural Warranty.

01 Tough 16mm ECO350 High Tensile Teeth

ECO350 Teeth are the match for medium to heavy timber and scrub work. The high tensile grade means no bent teeth and the perfect attachment for everyday cleanup tasks.

02 Wear Resistant 16mm XD450 Abrasion Resistant Teeth

For life-long performance in the harshest of conditions. The XD450 teeth stand up to everything you can put them through. From abrasive rock work, running through the ground all day and heavy timber work — they will keep their shape every single time.

03 Massive jaw opening

With the massive jaw opening of 1.2m, there wont be much that you cant handle.

04 HD Reinforced Greaseable Pivots

Never fear breaking a pivot or wearing a pin with the MULTIGRAB HD reinforced pivots. Fully fabricated construction ensures a life of reliability.

05 Double Locking Valve as standard

Pro level feature as standard. No add ons or extra charges. Australian made lock valve fitted for your peace of mind when clamping on large loads.

06 Oversize Full width hydraulic hose protection

A broken hose or a damaged loader pickup is wasted time and money. The job needs doing without these problems. Fabricated from heavy gauge steel plate, this protection will never fail an operator.

07 Heavy Duty Integrated Hitch

No off the shelf hitch pickups used here. We designed our own. Perfectly integrated and reinforced - you can have confidence in your attachment.

08 Motion stops on claw

Simply designed parking stand included with every short tine MULTIGRAB. Making storing and moving your grab around when not in use simple and easy.

09 Locally made hydraulic cylinders

Locally Made and supported Hydraulic Cylinders. Made tough for harsh operating conditions and easily serviceable with parts available from local suppliers.

10 100% Australian Made and Fabricated

100% Manufactured by Sturgeon Equipment in our Hamilton Facility to the highest quality standards. Only Aussie Made!
